The drawings have been accepted by the examiner.

Receipt is acknowledged of Information Disclosure Statements, which has been reviewed by the Examiner.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Zuller (Pat No 6,663,075), or Kensinger (Pat No 6,131,866).

The patent to Zuller discloses an apparatus comprising a plate (52), a track (32) and a traveling block (30).

The patent to Kensinger discloses an apparatus comprising a plate (44), a track (18) and a traveling block (40).

Allowable Subject Matter

Claims 2-10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
